

MAKE THIS SO YOU CAN MAKE AN ENCLOSURE
- IE. LIGHTS, AND PLUGS FOR POWER AND SPEAKER
SHOULD GO OFF THE BOARD

PERHAPS RENAME CONTROL PINS TO GENERICS SO THAT
I CAN EVENTUALLY BUILD OUT THE BETTER SOUND CARD?
PERHAPS I COULD ACTUALLY DECODE THE 3 BITS TO ALLOW
FOR MORE CONTROL

WONDER IF I SHOULD REMOVE THE BUS CONTROL
FROM EACH MODULE AND INSTEAD, INCLUDE THEM
DIRECTLY ONTO THIS BOARD
